Greetings everyone,

The Pan African Glaucoma Association expresses its gratitude for your attendance, participation, and support during the inaugural Pan African Glaucoma Congress in Accra, Ghana. The Association was delighted to witness the significant turnout at this event, with representation from various regions across the continent and the diaspora. Participants from South Africa, East Africa (Kenya, Tanzania, Rwanda, Zimbabwe), West Africa (Nigeria, Ghana), French Africa, Australia, Canada, the United Kingdom, and the USA were present, showcasing a diverse and inclusive gathering.

The conference program was comprehensive, and the Association was thrilled by the enthusiasm and dedication demonstrated in organizing the event. The conference planning committee, in collaboration with the executive committee, is currently planning webinars, educational events, and symposiums that will be launched soon. Stay tuned for updates on these upcoming initiatives.

We hope that everyone has returned home safely and is enjoying time with their loved ones. New connections and friendships were forged during the conference, enriching our network of colleagues and supporters.

Special thanks are extended to OSG, led by Dr. Dziffa Bella Ofori-Adjei, for their invaluable support and collaboration in making the meeting a success. We also appreciate the presence and contributions of the former First Lady, Nana Konadu Agyeman Rawlings, Patron of Glaucoma Patients Association, and Dr. Anthony Nsiah-Asare, the President's Advisor on Health, for their participation amidst their busy schedules. The cultural events celebrating the rich heritage of Ghana were enjoyed by all attendees.

The Pan African Glaucoma Association sincerely thanks everyone for their unwavering support and active participation. We eagerly anticipate our future events aimed at enhancing the care provided to glaucoma patients.

Please remember to complete your survey, your CME paperwork and post conference test. Please also remember to sign up for membership and spread the word. Potential members can sign up at membership@panafricanglaucoma.com or admin@panafricanglaucoma.com.

Thank you.

Best Regards,

Karen Allison, MD

Program Committee Chair/Treasurer
